Dear Sir or Madam,

Explanation

Introduction:

I am writing to formally object to the assessment related to the classification of goods under the Harmonized System (HS) Code, as referenced in the attached screenshot dated August 1, 2024.

Background:

On August 1, 2024, I reviewed the HS Code Finder tool, which provided specific classifications for various goods. The classification provided in the screenshot does not accurately reflect the nature of the goods in question. This misclassification has led to an incorrect assessment, which I believe needs to be rectified.

Legal Argument:

The HS Code Finder tool is designed to assist in the accurate classification of goods for customs and tariff purposes. However, the tool's output, as shown in the attached screenshot, appears to have misclassified the goods. This misclassification has resulted in an incorrect assessment, which may have financial and legal implications. It is crucial that the goods are correctly classified to ensure compliance with relevant laws and regulations and to avoid any undue financial burden.

#### Conclusion:

I respectfully request a review and correction of the assessment based on the accurate classification of the goods. I would be pleased to provide any additional information or documentation necessary to support this request.

#### Statement of Facts

1. On August 1, 2024, I reviewed the HS Code Finder tool.
2. The tool provided a classification for the goods in question.
3. The classification provided does not accurately reflect the nature of the goods.
4. This misclassification has led to an incorrect assessment.

Thank you for your attention to this matter. I look forward to your prompt response and resolution of this issue.

Sincerely,

John Doe
